

RemedyBiz, Inc. Appraised at CMMI Maturity Level 3 (SVC & DEV)

April 4, 2022

At RemedyBiz, helping our clients achieve their goals is our mission. We are proud to announce that RemedyBiz has achieved the CMMI Maturity Level 3 rating for Development (DEV) and Services (SVC).

CMMI is a process improvement approach that provides organizations with the essential elements of effective processes that ultimately improve their performance. CMMI-DEV is used to improve engineering and development processes in an organization that develops products. CMMI-SVC is used to improve management and service delivery processes in an organization that develops, manages, and delivers services.

Maturity Level 3 means:

- We use organizational standards and tailoring to address project and work characteristics.
- Our projects use and contribute to organizational assets.
- We focus on achieving both project and organizational performance objectives.
- We're dedicated to continuous performance improvement and producing the highest quality of products and services

We look forward to implementing proven excellence for our existing and future clients.
