## **DHHS NCI Award**

RemedyBiz is now supporting the National Cancer Institute (NCI)

We are delighted to announce that RemedyBiz has been awarded a contract to support the National Cancer Institute (NCI).

As a leading provider of innovative IT, financial, and staffing solutions, RemedyBiz is dedicated to supporting the mission of our customers. Our corporate capabilities and experience supporting the government healthcare space enable us to advance the NCI's mission with outstanding resources.

This marks a significant milestone for RemedyBiz, demonstrating our commitment to driving innovation and making a meaningful difference in the healthcare industry. We are honored to have the opportunity to contribute to the NCI's work.

We would like to express our gratitude to the **National Cancer Institute** for entrusting us with this partnership.

**RemedyBiz, Inc.** is a minority-owned small business providing technical and management consulting services to the Federal Government and commercial clients. Talk with us about your needs and projects.
